

Jesus be my friend

Jesus be my friend
Please lend me your hand
Help me find my way – with you (repeat)

Though I may walk in trouble
Though I might walk in pain
Though I might not now what is loss and
 what is gain
Even if I loose my mind
Be here by my side

When I don't think of you
When I don't care
When I'm not true
And when I'm unfair
Then don't condemn me
Close me in your arms

And when I am so unsure
Oh Lord do I believe in you ?
Put all my doubt away
And make me pure
Help me to face this life
You gave me to live
